

GRAIN > PORTABLE AUGERS >  
**HOPPER ROTATE**

Effortless positioning for swing-around hoppers on hi-efficiency augers.  
The radio control transmitter lets you position the wagon and  
the swinging hopper from the tractor seat - a real one-man operation.

**Sudenga**®  
**INDUSTRIES, INC.**

- Electric Drive with manual switch and RC operation
  - Comes with one remote, expandable to five.
- The drive wheels are aligned with the hopper swing arc, minimizing ruts and keeping the work area in good condition longer.
- Adjustable wheel plates let you raise the hopper to minimize spillage, or lower it for extra clearance under low unloading hoppers.
- Pneumatic tires provide good traction when the work area gets slippery.
  - Adjustable drive axle pressure for different terrains
- Available for 10" and 13" augers with single and twin screw hoppers.
- Power Rotate systems will also retrofit your existing swing-around hopper.
